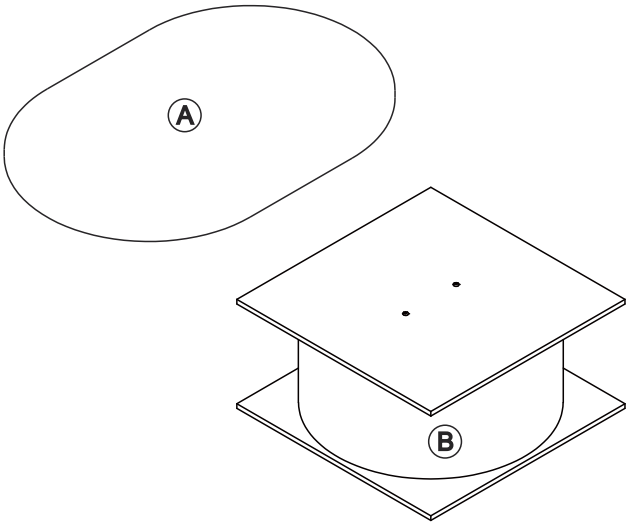
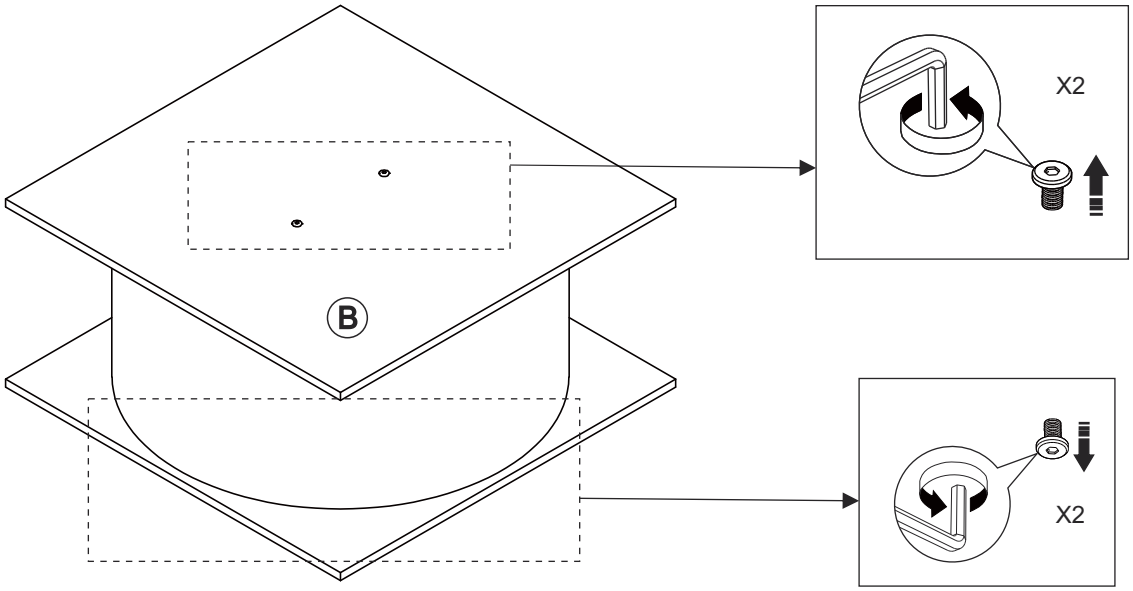
**Documents**
· Assembly Instructions (1 copy)

**Hardware**
· JCBC screw M6x20 (4 pcs)
· Washer M6x18 (4 pcs)
· Allen key

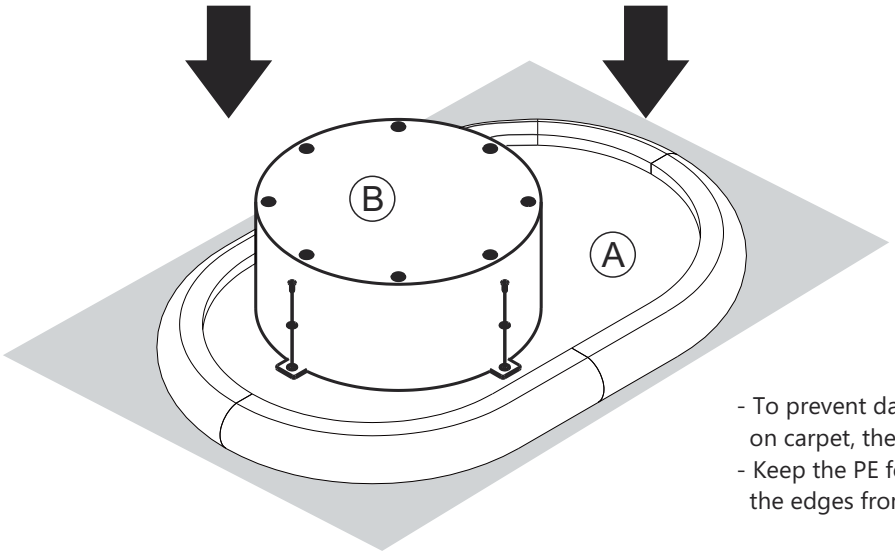
**Item**
1. Top panel (1 pc)
2. Leg (1 pc)



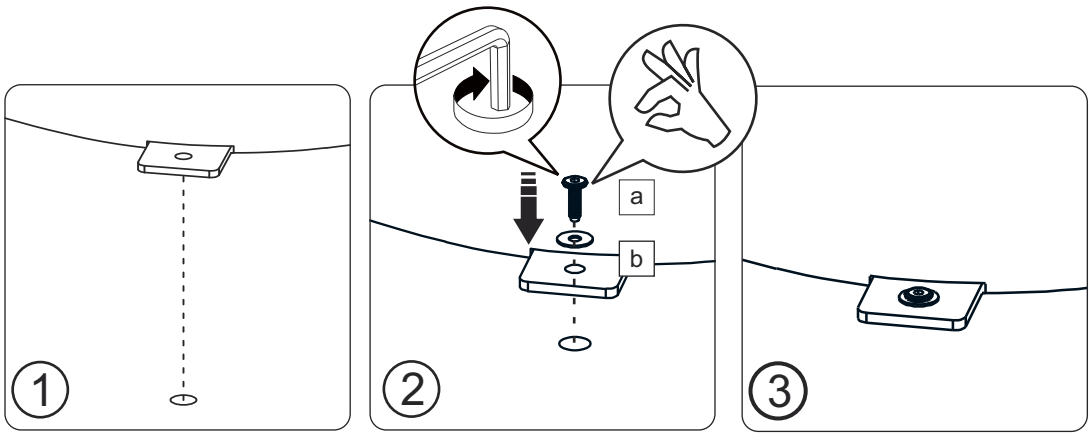
## A REMOVING THE INNER SKID



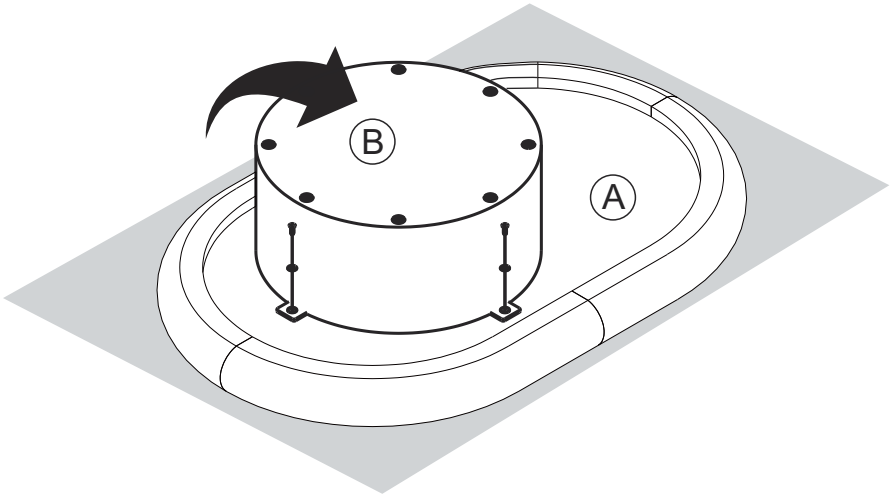
## B ATTACHING LEG TO TOP PANEL

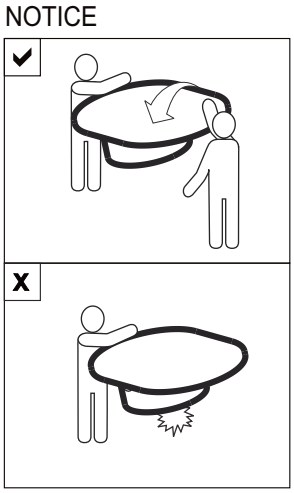


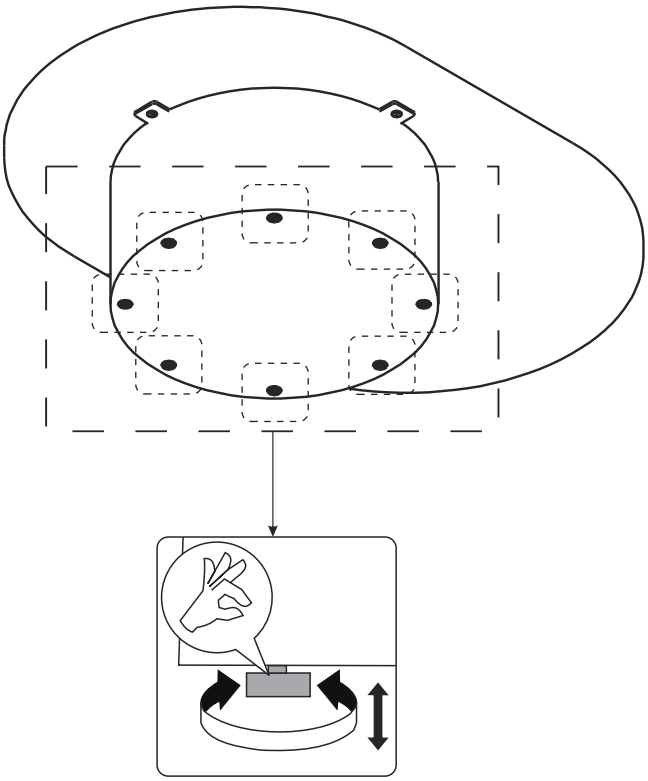
- To prevent damage, remove contents and lay out on carpet, the packaging carton, or other protective surface.
- Keep the PE foam in place during process to protect the edges from damage.



## C ADJUSTING THE GLIDES







**Important Notes**

- To prevent warping, always adjust the leg's adjustable glides to match the ground surface before using the item.
- Hardware may loosen over time. Periodically check to ensure that all connections remain tight and secure.
