- ☐ Read all the explanations before assembling.
- ☐ Do not throw away the packing material before the assembling process is done.
- ☐ Assembly by two or more adults is recommended.

HOW TO ASSEMBLY

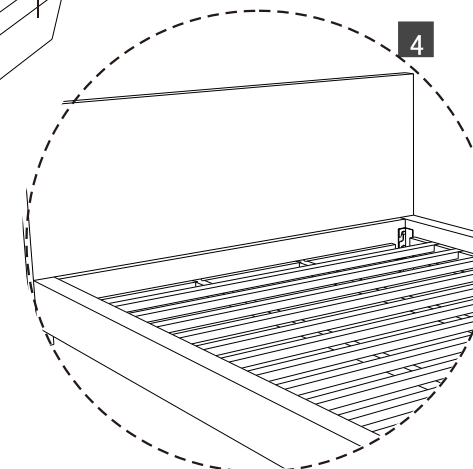

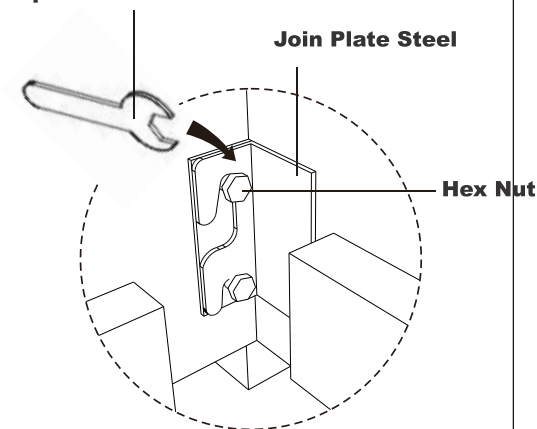

- 1 Stand up the headboard, attach the middle frame in the join hole, put the legs under the middle frame, and put it on the front
- 2 Attach the side frame, and tighten the hex nut using the spanner wrench
- 3 Attach the front frame with the side frame, and tighten the hex nut using spanner wrench
- 4 Attach all the top frames (small) in the top of the bed construction
- 5 It is finished when the product is standing up

Spanner Wrench

Join Plate Steel

Hex Nut

- ☐ When placing the body on the floor for the assembly, make sure that there is nothing on the floor. Spread out some papers (e.g. newspaper) for covering the floor to avoid scratches on the surface of the body.
- ☐ There is a possibility of accident and damage if you raise the product by the edge of the leg as center point, so please lift and then raise it up.
- ☐ When moving the product, please lift and move it without pulling.
- ☐ Because the product is quite heavy, please be careful when raising or moving the product
