HOW TO ASSEMBLY

- 1 Check the number attached to each leg and the corresponding number on the leg mounting positions to ensure proper installation by matching the numbers.
Place the tabletop (A) upside down as shown in image below.
Attach one of the legs (B) to the frame using bolt (1), as illustrated.
Next, position the frame (C) between the legs and secure it with bolt (1).
Use the hex wrench (3) to tighten the bolts.
- 2 Repeat the same process for the remaining table legs.

- 3 The assembly is finished when the product is standing up

- ☐ When placing the body on the floor for the assembly, make sure that there is nothing on the floor. Spread out some papers (e.g. newspaper) for covering the floor to avoid scratches on the surface of the body.
- ☐ There is a possibility of accident and damage if you raise the product by the edge of the leg as center point, so please lift and then raise it up.
- ☐ When moving the product, please lift and move it without pulling.
- ☐ Because the product is quite heavy, please be careful when raising or moving the product
